## EXPERIENCE

Fresher

---

## EDUCATION

CSMU Bachelor Of Computer Application (BCA) | CGPA: 7.86 | **July 2023**

[Additional Education Course] Masters In Data Software Engineering | IT Vedant | **Oct 2023 – Jan 2025**

---

## PROJECTS

Sales Performance Dashboard (Power BI) [link](#)

- Designed an interactive Power BI dashboard to track monthly sales performance.
- Reduced report preparation time by 30% through automation.

Sales Dashboard (MS Excel): [Link](#)

- Created a comprehensive sales dashboard to track sales performance, revenue, and growth trends.
- Utilized Excel functions and pivot tables to analyze sales data.
- Visualized key metrics and KPIs using charts and graphs to support business decisions.

Covid 19 Analysis Dashboard (Tableau): [Link](#)

- Developed an interactive dashboard to track COVID-19 cases, recoveries, and fatalities.
- Integrated real-time data for accurate and up-to-date insights.
- Implemented filters for region-wise and time-based analysis.
